

Dear students,

please continue learning English. Use some minutes a day to learn the irregular verbs on p. 210-212; also watch TV-Shows, Sport-Events or Nature-Documentaries in English.

Dive deeper into our topic "California" and go on a digital tour: watch some documentaries about our new topic (*search for California/Nature/Lifestyle/People/Music/History/High-Tech/Animals/Cars....*) and prepare a poster presentation about ANY aspect you find interesting about California.
